

BACK TO SCHOOL

September is just around the corner and you know what that means? Time to get the family ready to go Back to School!

After spending an entire summer with their best buds by their side, Back-to-School can be a lonely time for some pets. With all the hustle and bustle this time of year brings, it's easy to forget about our four-legged friends and how they, too, need to adjust to the kids going back to class.

Help make the transition smoother with these 3 tips!

BE CONSISTENT

Now is not the time to make major changes where your dog is concerned. Do your best to keep your pet on the schedule they are used to (i.e., feeding, walk time, play time...etc.)

MAKE TIME FOR PLAY

Between packing lunches and organizing schedules it can be easy to forget about the little things. But to your dog there is nothing better than a quick game of fetch or a few minutes dedicated to belly rubs so be sure to put aside a few minutes each day just for your favourite four-legged friend

KEEP THEM BUSY

Interactive dog toys are a great way to keep your pup happy and entertained. Just pop a few treats inside and stand back! The fun can last for hours!
